PORTFOLIOS

JEANLOUP SIEFF 6

As he himself used to say, Sieff took pictures just for the pleasure of it. What came out were images both artistic and headstrong. Christian Caujolle of the VU agency speaks about the great Frenchman's life and achievements

ANDRÉ LÜTZEN 60

Of Elvis, cowboys and campers: A German photographer travels to the heart of everyday America – a sensitive road movie in colour

PHOTOKINA 2008

LEICA S2 26

Just in time for photokina: Leica introduces a brand-new digital mirror reflex system based on a larger-than-full-format image sensor. The Leica S2 offers serious technical advantages to both fans of standard DSLR and medium format photography

M SYSTEM: NEW LENSES AND MORE 42

World première 1: the Noctilux-M 50 mm f/0.95 Asph. World première 2: a 21 mm with a f/1.4 lens speed. Two new 24 mms, various accessories and – last but not least – the new M8.2 prove just how much has been going on in the M department

PRADOVIT D-1200 54

Leica returns to making quality projectors. The newest model promises highest quality presentation tailored specifically to the needs of professional photographers

NEXT-GENERATION COMPACT CAMERAS 56

The D-Lux 4 packs above-average wide angle power and has the makings of a genuine camera system; the C-Lux 3 is niftier and simpler than ever
