PORTFOLIOS

GIOVANNI DEL BRENNA 6

Giovanni del Brenna has been exploring the world's cities for years. His intense and mysterious imagery explores the enigma of urban inhospitality: what are we doing here, again?

HOLGER BIERMANN 66

Roma Termini, Rome's main train station, is the stage upon which Holger Biermann captures mundane dramas as they unfold

TECH-TALK

NOCTILUX, THE MAGIC EYE 26

The Noctilux-M 50 mm f/1 is the heaviest and most expensive lens in the M collection. According to Canadian photographer Nenad Bojic, it's also the most interesting

M8 IS FOREVER 34

Leica redefines the M8 as a platform concept with interchangeable components, and thus as a camera that defies the laws of ageing

R SYSTEM AND LEICAFLEX 36

An interview with Douglas Herr, the 'bird man of Sacramento'. He talks about the charm of the Leicaflex SL and the advantages of using manual focus in wildlife photography

NPA UP CLOSE 46

Covert photographs of everyday life in the East German National People's army: Oliver Bergmeier was there, a young recruit armed with a Leicaflex SL2

SENSOR TRENDS 52

What will the digital photography of tomorrow look like? We take a sneak peek at future technologies designed for ultimate light efficiency

D-LUX 3 62

Rick Berland has a street photography epiphany
