IMPRINT

Cover: Jing Huang sensitively explores his world with Leica Ms

Indigenous people of the Nasa tribe have been occupying three plantations in south-west Colombia since December: 180 people have been injured during battles with the police

12 | Traces of Humanity

The Chinese photographer Jing Huang captures life in sensitive and beautifully melancholic black and white images.

30 | China from the Air

A Leica on high: HG Esch captures exciting panoramic views of China with the help of a drone.

42 | The Pioneer

Aviation pioneer Wulf-Diether Count of Castell-Rüdenhausen photographed China from the air, at a time when flying was still a great adventure.

68 | Land in Sight?

Indios from the Nasa tribe have occupied three plantations. Jonas Wresch reports on the desperate battle for land, survival and tradition.

82 | Memory is an Image

During his short life, Pierre de Fenoÿl explored many facets of photography. A (re)discovery on the occasion of what would have been his 70th birthday.

90 | Modern Classic

It is the style of the 60s and 70s that inspires Gennadiy Chernomashintsev's fashion photoshoots.

LEICA WORLD
