74 | LEICA SL2

At the heart of the new SL2 is a 47-megapixel sensor, powered by the new Maestro III processor. Almost every other element has also been optimised

80 | INTERVIEW

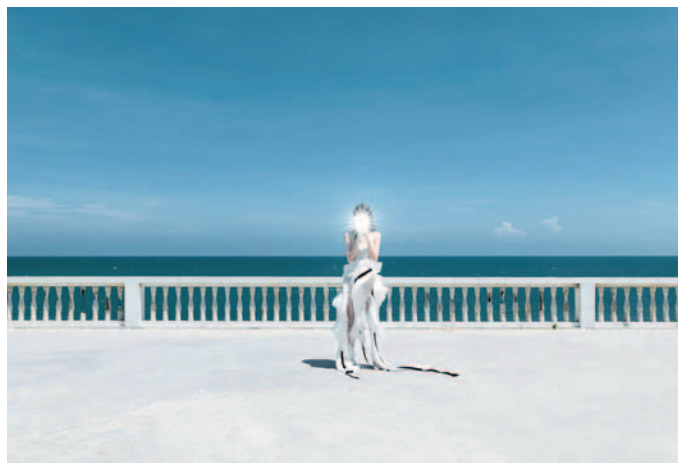

Part two of our interview with Stefan Daniel, Head of Product Management at Leica, revolves around the Q2, the APS-C range, the L-Mount and the new SL2

84 | SPECIAL EDITIONS

Every year since 1975, Leica have introduced special variants of their cameras in limited editions. The most recent releases are the M Monochrom "Signature", the M10-P "ASC Edition" and the Leica CL "Bauhaus" with a black-finish camera body and lens

With its optimised ergonomics, the SL2 appears distinctly more compact than the SL
